Galvanize
Web Development 2018
The Web Development Immersive is a full-time, six-month educational program. Galvanize has been a fertile space for my growth as a software developer, a learner and most importantly, a collaborator. Pushing clear, readable, test covered code daily has been my greatest accomplishment in this program.

West Virginia University
B.S. Strategic Communications 2017
Minor in Electronic Media

Griffith University - Gold Coast, Australia
Study Abroad 2016
